

Applicant name: _____

Evaluation should be based on both the abstract and the video.

	Score (5=Excellent, 1=Poor)	
1. Quality of project: the research itself is rigorous and of high quality. The project is far enough along to have initial results or conclusions.	5-----4-----3-----2-----1	
2. Expertise: student understands their research and its significance to the larger academic conversation & communicates the complexities of their project to others.	5-----4-----3-----2-----1	
3. Accessibility: avoids jargon and explains their research clearly to an intelligent but non-specialist audience.	5-----4-----3-----2-----1	
4. Verbal communication skills	5-----4-----3-----2-----1	
5. Engagement: makes the audience interested in the topic and want to know more.	5-----4-----3-----2-----1
